ASBI 2011 GROUTING CERTIFICATION Training

PROGRAM INFORMATION

ASBI Grouting Certification Program Purpose

The purpose of the ASBI Grouting Certification Training is to provide supervisors and inspectors of grouting operations with the training necessary to understand and successfully implement grouting specifications for post-tensioned structures.

ASBI Certified Grouting Technician

Individuals who successfully complete the ASBI Grouting Certification Training and provide verifiable documentation of three years of experience in construction of grouted post-tensioned structures, will receive a certificate as an "ASBI Certified Grouting Technician." The certificate will be valid for a period of five years and will be renewable at the end of that time through participation in an online re-certification examination. To receive this certificate, submission of verifiable documentation of experience is required at the time of registration for the training.

ASBI Grouting Training Certificate

Individuals who successfully complete the ASBI Grouting Certification Training and do not have three years of verifiable documented experience in construction of grouted post-tensioned structures, will receive an "ASBI Grouting Training Certificate." In the five year period following completion of the training, individuals with this certificate may obtain an "ASBI Certified Grouting Technician Certificate" upon submission of verifiable documentation of three years experience in construction of grouted post-tensioned structures.

Re-Examination

Individuals who do not pass the examination during an ASBI Grouting Certification Training class will be eligible to participate in the examinations given at subsequent training classes without an additional registration fee, with or without participation in the training class.

Florida Department of Transportation Accreditation

The Florida Department of Transportation has accredited the ASBI Grouting Certification Training Course; therefore, individuals who pass the final examination of the ASBI course satisfy one of the requirements for becoming a Qualified Grouting Technician with the Florida Department of Transportation. To find out how to apply for qualification contact: Construction Training Qualification Program (CTQP), P. O. Box 116586, Gainesville, Florida 32611 Telephone: (352) 846-3593 email: ctqp@ce.ufl.edu

Professional Engineering Development Hours

For Professional Engineers, we will provide certificates for 12 professional development hours on request for use in meeting Professional Engineering Registration requirements.

APRIL 18 – 19, 2011

J.J. Pickle Research Campus . The Commons Center
10100 Burnet Road, Building 137 . Austin, Texas

TRAINING PROGRAM

Monday, APRIL 18

7:30 – 8:30	Registration
8:30 – 8:45	Welcome , William R. Cox, ASBI
8:45 – 10:15	Materials and Project Specifications, <i>Andrea Schokker, University of Minnesota, Duluth</i>
10:15 – 10:30	Break
10:30 – 11:30	On-Site Grouting Video, <i>Brett Pielstick, Eisman & Russo</i>
11:30 – 12:00	Equipment, <i>Gregory Hunsicker, VSL</i>
12:00 – 1:00	Lunch
1:00 – 2:00	Small Test Demonstrations, <i>Andrea Schokker, University of Minnesota, Duluth</i>
2:00 – 3:00	Hands-On Training, <i>Andrea Schokker, University of Minnesota, Duluth</i>
3:00 – 3:15	Break
3:15 – 5:00	Large Specimen Demonstrations, <i>Andrea Schokker, University of Minnesota, Duluth</i>
5:00	Adjourn

Tuesday, APRIL 19

8:00 – 8:45	Detailing, <i>Teddy Theryo, Parsons Brinckerhoff</i>
8:45 – 9:30	Special Cases, <i>Gregory Hunsicker, VSL</i>
